ABOUT NIFM

The National Institute of Financial Management (NIFM) is a Centre of Excellence specializing in capacity building of professionals in the fields of Public Policy, Financial Management and other governance issues for promoting highest standards of professional competence and practice.

NIFM was set up in 1993 as a registered society under Ministry of Finance, Government of India. To begin with it was mandated to train the officers recruited by the Union Public Service Commission (UPSC) through the Civil Services Examination and allocated to the various services responsible for managing senior and top management posts dealing with accounts and finance in the Government of India. In due course of time, NIFM has become a premier resource centre to meet the training needs of Central Government for senior and middle level of management too. NIFM also caters to the State Governments, Defence establishments, Banks and other Financial Institutions for their training and research requirments

NIFM plays a pivotal role in governance and administrative reforms by providing a platform for interaction and exchange of ideas & experiences among officers from different organized services, different state governments and between personnel of civil and defence establishments.

Apart from capacity building, NIFM is also engaged in serious research studies in the areas of accounting, audit, financial management, parliamentary financial control and other issues related to public policy and delivery systems. The outcome of such research studies are published and disseminated through Research Papers, Journals and Books.

The Union Finance Minister of Government of India is the President of the NIFM Society and Secretary (Expenditure), Government of India is the Chairman of the Board of Governors (BoG). The Director, NIFM is responsible for the administration and academic programs of the Institute. NIFM has a distinct advantage of an amalgamation of faculty from academics, industry experts and from Governemnt. The Academic Advisory Committee of the NIFM assists the institute in all matters related to creating, maintaining and expanding academic, training and research environment. This Committee also has eminent members from acclaimed academic fraternity of India. The Management Committee of NIFM handles the day to day affairs of the institute.

MESSAGE FROM DIRECTOR

Dear Student

The National Institute of Financial Management, established as a premier centre for imparting training and for education in the field of financial management, is today on a steady path of growth and development. Having established itself as one of the premier Financial Institutes in the country, it is seeking to scale new heights in this domain.

A critical facet of this endeavour is keeping pace with change. The past few years have witnessed phenomenal change in global as well as domestic financial markets. As new structures emerge and regulatory mechanisms evolve, those aspiring to work in this area need to be well-positioned to meet the industry's wide-ranging needs in the coming decades. We, at NIFM, are constantly striving to update our pedagogy to keep pace with the change and to ensure that students leaving our portals are fully equipped.

The Institute, being the only one of its kind in the field of Financial Management, is also the leading institute to impart knowledge and training to senior level Government officials across the country in all the newly developing areas and initiatives, such as the Government e-Marketplace, the newly introduced GST, Advanced Public Procurement and so on. The presence of senior officer-trainees on campus also provides a parallel platform for interaction and multidirectional expansion of outlook for young minds.

The Institute has its own campus on 42 acres of delightful greenery, adjacent to the famous Badhkal Lake at Faridabad on the outskirts of the National capital. This houses the main institute building, student accommodation, mess and a sports complex, with all modern day facilities. The campus also houses faculty and staff quarters. Lush green lawns and open spaces covering over eighty percent of the campus provide an additionally enriched atmosphere for learning and imbibing the ever changing financial evolution with life-turning experiences which will enable the students to reach new heights in their professional life.

We strive to ensure that each of our students can and does achieve high academic levels. Targets are methodically set and worked towards by encouraging students to raise the bar, set higher expectations for themselves and then by closely mentoring and monitoring the progress at each stage. The students also benefit from industry exposure through guest lectures by luminaries of the Industry and established professionals from the financial world.

The parents/guardians of prospective students may rest assured that your ward would spend very enriching and fruitful time with us.

I wish the students a bright future ahead, filled with joy and success.

Meena Agarwal
Director NIFM

MESSAGE FROM PROGRAMME CHAIR

Indian Financial Market has evolved rapidly in the last two decades. India has experienced a phenomenal growth after the economic reforms of 1990s and in the same decade, Indian Financial market started gearing up for the new challenges and innovations in terms of the development of diverse sub-markets and new financial instruments. At present, Indian financial market is highly integrated with world financial markets making it dynamic and complex, thus creating new demands and growth opportunities.

This programme, the Post Graduate Diploma in Management (Financial Markets), offered by the NIFM is a unique programme designed for the professionals and practitioners desiring to excel on the strength of the knowledge and understanding of the market.

In this programme, we provide continuous interaction between theory and practice that equips participants with the required skills to compete and stay abreast with the market. Moreover, this programme is designed to facilitate progressive expertise-building across functional boundaries and we provide a platform to connect across diverse market segments.

NIFM OBJECTIVES

The main objectives for which the institute was set up have been documented in Section 4 A of the Memorandum of Association (MoA) of the NIFM Society and they are as follows:

i. to establish and administer the management of the Institute;

ii. to organize and provide training and continuing professional education to Group 'A' officers of the participating Services including organization of refresher courses at senior and middle levels;

iii. to establish the Institute as a Centre of Excellence in financial management for promoting the highest standards of professional competence and practice;

iv. to undertake and promote research/consultancy studies in the fields of accounting, audit, financial and fiscal management and related subjects;

v. to promote education in financial and fiscal management for officers of the associate Services of Centre/State Governments and officers of public sector enterprises/ institutions;

vi. to organize International Training Programs and to keep abreast with progress made in the rest of the world in the area of finance and accounts, particularly in Government and public sector institutions.

PROGRAMMES @ NIFM

Long Term Programmes

- **Post Graduate Diploma in Management (Financial Markets)**
  One year full time residential programme, duly approved by AICTE. The PGDM (Financial Markets) has been designed with the objective of developing trained professionals capable of occupying positions of responsibility in stock exchanges, commodity exchanges, regulatory bodies market intermediaries, banks, mutual funds, asset management companies and other similar entities.

- **Post Graduate Diploma in Management (Financial Management)**
  Two years full time residential programme, duly approved by AICTE. The PGDM (FM) is recognised by AIU as equivalent to MBA (Finance). This course is open to the Officers at Middle and Senior level, working with Central and State Governments, Public Sector Undertakings and autonomous organisations. The programme is designed to enable the Government and Corporate senior officers/executives to meet contemporary challenges in Public Financial Management.

- **Professional Training Course (PTC)**
  Professional Training Course (PTC) is for the probationers of the participating Finance and Accounts services of the Union Government. This programme is designed to equip the newly recruited Group 'A' officers of the Finance and Accounts Services for taking up higher responsibilities in the field of Public Financial Administration.

- **Diploma in Government Accounting & Internal Audit**
  The Post Graduate Diploma in Government Accounting & Internal Audit Programme for one year is to upgrade the technical skills of officers of the organised Accounts Services in the areas of Accounting, Internal Audit, Information Technology and General Management and also to improve their soft skills. The programme is duly approved by AICTE.

- **Fellow Programme in Management**
  This is an open doctoral level programme to pursue research work to produce competent researchers, teachers and consultants.

Short Term Programmes

- NIFM conducts large number of short duration courses (Management Development Programmes/ Executive Development Programmes) in the areas of Public Expenditure Management, Budgeting, Public Financial Administration, Financial Management, Accounting, Internal Audit, Procurement, GST, IT, HR etc. Besides the officers of Participating Services the officers of Indian Administrative Service (IAS) Indian Economic Service (IES), Indian Statistical Service (ISS), State Government Officers and the Officers of PSUs, Municipal Corporations, different Institutes and Autonomous bodies attend these programmes.

THE FINANCIAL MARKETS

The Indian economy is one of the world's fastest growing economies today and is expected to become a US$ 5 trillion economy by 2020. Driven by rising personal incomes, corporate restructuring, deregulation and liberalisation of financial markets, the Indian financial industry is expected to enjoy robust growth during the coming years. With a sustained growth and rapid development in technology and infrastructure, an increasing share of financial services would get centralized.

The last decade has seen unprecedented growth in India's financial services sector. It employs over 3 million people, constitutes about 5% of the GDP and has an estimated market capitalization of over US$ 200 billion.

The one year full time residential Post Graduate Diploma in Management (Financial Markets) is duly approved by AICTE. The programme has considered the changing needs and the future requirements of the financial industry to equip the candidate with the most contemporary skills and knowledge required to capitalize forthcoming opportunities in the financial markets.

The PGDM (Financial Markets) is a one year programme designed by NIFM with the objective of developing professionals

capable of occupying positions of responsibility in stock exchanges, commodity exchanges, regulatory bodies, market intermediaries, banks, mutual funds, asset management companies and other similar entities.

The uniqueness of the programme lies in its extensive use of market professionals as resource persons for the programme. Apart from sound grounding in academic concepts pertaining to the capital markets, the participants will get a chance to interact with senior regulatory officials, executives of exchanges, leading merchant bankers and foreign institutional investors.

The programme is comprehensive in nature, covering all major areas of financial markets viz., equity, debt, mutual funds, equity derivatives, currency derivatives, commodities etc. What has been sought to be achieved is an ideal blend of relevant academic knowledge and its application to financial markets. Pedagogy for the programme comprises classroom teaching, case studies, panel discussions, presentations and visits to national and overseas financial centres.

Skill development has been given special emphasis by providing simulated live market conditions, trading and investment software, so that the students are market ready.

The effective delivery of the programme requires proper appreciation of applied financial data analysis. The institute facilitates the participants towards application of Information Technology in various paradigms of IT interfaced learning by designing the curriculum accordingly.

Career Opportunities in Financial Market

The PGDM (Financial Markets) provides participants with a wide range of career opportunities such as: Investment Banker, Financial Planning & Wealth Manager, Analyst - Equity / Technical / F&O / MFs / Commodity / Forex Fund / Portfolio / Hedge Fund Manager, Back / Front Office Operations Manager, Surveillance / Compliance / Regulation Manager, Teaching / Content Development, Financial Journalist, IT / IT Security / Programmer, Risk Manager

SALIENT FEATURES

Certification

PGDM (Financial Markets) is India's most comprehensive financial markets programme certified by National Institute of Financial Management (Established by Ministry of Finance, Government of India). Mandatory Certification by SEBI to act as a market participant offering from NISM.

Industry Vetted Content

NIFM delivers rich industry oriented curriculum designed to improve the essential skills of the financial market professionals. The content is continuously updated to incorporate the best practices of the industry.

Experienced Peers

Peer learning is recognized as one of the better forms of learning. When young bright students, who are generally open to learning and are tech savvy stay and study together with middle and senior level officers from State, Central Government, PSUs etc, having variety of experience; it nurtures the skills and talents of both the groups to stay competitive in the financial markets.

Renowned Faculty

The combination of senior academicians at NIFM and practitioners from industry successfully deliver the theoretical and practical aspects of the dynamic curriculum of PGDM (Financial Markets). Our core, honorary and adjunct faculty stands out for its sound academic credentials and impressive industry experience.

Experiential Learning

The mode of programme delivery is through interactive lectures, tutorials, case studies, workshops and presentation sessions supported by regular corporate visits, participation in business channels like CNBC, NDTV Profit etc.

Global Exposure

The twenty-first century is all about globalization and global competencies. In India through exchange platforms, one can trade American Indices like Standard & Poor's 500 (S&P 500), Dow Jones Industrial Average and can trade FTSE 100 index of UK from London stock exchange in Indian rupees. In order to give students an opportunity to be exposed to global financial environment, a foreign visit is scheduled to international stock exchange and financial centres in Singapore in this programme.

Live Market Training & Market Simulation Lab

Skill development sessions are imparted to students which involve extensive training through market simulation, visit to brokers offices, stock exchanges and internship. Advanced Financial Softwares: What makes financial market programme unique is the hands-on- training given on advanced financial softwares like Capitaline/ Prowess/SPSS, Bloomberg, Metastock etc, used world-wide for technical analysis, fundamental analysis and valuation in research firms, AMCs, KPOs etc.

Infrastructure

The state of the art picturesque campus of NIFM is situated in Faridabad (Haryana) near the Badkhal Lake. It consists of smart and spacious classrooms, well stocked library, market simulation lab, executive hostels, outdoor theatre, auditorium and recreation facilities like billiards, squash, table tennis, badminton, gymnasium etc.

Industry Exposure

The students of PGDM (Financial Markets) will have a continuous interaction with the industry through corporate visits, stock exchange visits, guest lectures, seminars etc. They will be attending intensive industry integrated training sessions by senior financial experts from Govt. policymakers and corporate.

Placement Assistance

The dedicated team looking after placement will act as a close link between successful pass outs and potential recruiters needing professionals. Whereas NIFM provides placement assistance to successful students, they do not guarantee any placement.

RESIDENTIAL FACILITY

The Programme is residential for all the participants. Appropriate accommodation is provided to all participants of the program. NIFM has self contained hostel facilities in two separate blocks. Catering, laundry, house-keeping and maintenance services have been outsourced and are professionally organised. Mess is compulsory for all residents of NIFM hostel. The charges are collected by the mess operator concurrently on monthly basis.
