

**FIVE DAY
MANAGEMENT DEVELOPMENT PROGRAMME
ON**

**National Institute of
Financial Management**

- First Programme : - 05th – 09th August, 2019
- Second Programme : - 14th – 18th October, 2019

The National Institute of Financial Management (NIFM) is a Centre of Excellence, specializing in capacity building of professionals in the fields of Public Policy, Financial Management and other governance related issues for promoting highest standards of professional competence and practice. NIFM is a premier resource centre for the capacity building of senior, middle and entry level of managers in Government of India. NIFM also caters to the training needs of State Governments, Defence establishments, Banks, Autonomous Bodies, Local Governments, Public Sector Undertakings and other Financial Institutions. Training Programmes are customized and executed for officials from other countries as well.

Apart from capacity building, NIFM is also engaged in serious research studies in the areas of accounting, audit, financial management, parliamentary financial control and other issues related to public policy and delivery systems. The outcomes of such research studies are published and disseminated through Research Papers, Journals and Books.

NIFM has a sprawling, lush, green campus of 42 acres situated in National Capital Region. The buildings have a unique architectural design with the state-of-art training halls, computer labs, hostels indoor and outdoor sports complex and library.

About this course

In the current scheme of things, the ability to read financial statements and also the familiarity with the principles of financial management constitutes basic financial literacy, and is a must for all managers and executives irrespective of the function they perform. Optimum allocations of resources, choice of funding and expenditure control are now recognized as issues that are of interest not just to the finance specialist, but to all executives at different levels. We are glad to inform you that this Institute would be conducting a five-day Management Development Programme on 'Analysis of Financial Statements'. This will enhance the analytical ability among the participating officers and the same in turn will lead to rational decision making.

The Programme has been designed to introduce various tools and techniques of accounting and analysis of financial statements resulting in formal understanding of the subject that in turn will help the participating executives to take rational decisions. The participants will also be given exposure to the applications of information technology in the areas of the accounting and finance.

Programme Objectives

The objectives of the programme are:

- to develop an understanding of the process that leads to the preparation of financial statements;
- to discuss Indian Accounting Standards, International Accounting Standards and US GAAP and examine their implications on financial statements;
- to understand the technique of appraisal of corporate financial performance through the use of Ratio Analysis, Cash Flow Statements and Fund Analysis;
- to acquaint the participants with the tools of financial analysis such as Common Size Statements and Comparative Financial Statements;
- to introduce the accounting system of Autonomous Bodies, not for profit organizations and NGOs and an analysis of their financial statements;
- to develop an understanding of Government Accounting System and the analysis of Published Accounts of the Governments; and
- to introduce contemporary issues in financial reporting and the use of information technology for analysis of financial statements.

Pedagogy and Faculty

The pedagogy of the course is a mix of lectures, case studies and hands-on-exercises. An opportunity will be provided to the participants to share their experiences. The faculty comprises of NIFM faculty members and leading experts from the relevant fields.

For Whom

The programme is designed to meet the needs of middle and senior level finance officers from Central and State Governments, PSUs of Central and State Governments, Autonomous Institutions and Private Sector Organisations. Officers of other functional areas will also find the programme very useful. Officers of Revenue Department will find this programme very rewarding. The venue of the programme shall be National Institute of Financial Management (NIFM).

The success of every financial decision rests on proper analysis and interpretation of financial statements. Financial statements analysis is the art of evaluating a company's financial performance and forecasting its future prospects. This programme has been designed to provide inputs to the learners for understanding the hidden aspects of financial statements so as to enable them to take financial decisions effectively.

Course Duration and Dates

This is a five day Management Development Programme. The schedule of the programmes is as under:

- First Programme : - 05th – 09th August, 2019
